Please forward this email to Councilman Ryu, thank you

Dear Councilman,

Thank you for the time in meeting with me last Friday. I do appreciate your time and attention on this matter as it is of great importance to me as well. As you know I have been working on this for over two years and hundreds of thousands of dollars have been committed in seeing the project come to fruition. It is clear that we both harbor passion and love for this City. And, it is that concern for the community that has helped me arrive at a position that I think is fair to all.

After careful consideration of the options you laid out and subsequent discussion with my partner, we would like to accept your offer of doing the additional analysis and community outreach necessary in order to allow for broad and proper community weigh in of the project as it has already been approved by the City. I think Angelenos at large, as you most aptly captured in your press statements last week, are the true stakeholders here and they too deserve their voice not just the handful of residents in opposition. In the end, I would hope that this project brings about spirited community involvement that eventually provides unity and enjoyment for all. Ideally, I would hope the City would simply honor its prior approvals and the agreement with which we have been working and we could forgo any of this additional effort as this is causing unnecessary costs to be incurred by all; it is not prudent or necessary.

In the interim, I remain open to exploring other opportunities that would allow me to proceed with the same approved project but at a different park within your district like you suggested to me in previous conversations. Of course, the idea was not to do a court anywhere for the sake of wanting to promote basketball, but to relieve the City and community of a liability with the failing retaining wall and in the process repairing an existing court. That, remains my priority, although I am at present reluctantly open to other options for various reasons.

I look forward to remaining in contact.

Hello,

I wanted to see if we could set a time to meet in person on Monday morning May 2nd. Please let me know if 10am works for David. Also is he expecting FORC to attend as well?

Neima

Chief Executive Officer
